<ul style="list-style-type: none">- Main fabric (cotton) x 2- Lining fabric (cotton) x 2- Paper pattern x 2- Elastic x 2- String x 2- Wire x 1- Instruction sheet x 1	<ul style="list-style-type: none">- Sewing machine OR needle & thread- Scissor- Pins / Tape- Marker

DISCLAIMER:

These DIY cloth mask kits are prepared by Across U-hub volunteers and are distributed for free. Fabrics are made with 100% cotton or a combination of cotton and polyester. Cloth masks have no virus filtering effect. They need to be equipped with qualified filters. They are not the same as surgical or N-95 masks, which are medical devices and are critical supplies for healthcare workers. They also do not replace public health measures such as social distancing and hand washing.

Each mask is to be used at the user's own risk. Across U-hub and any of our volunteers, staff, Board members shall not be liable for any damages or injuries caused by the usage of the masks.

Cloth masks SHOULD NOT be placed on anyone (1) under 2 years old, (2) with trouble breathing, (3) who is unconscious, or (4) who is unable to remove the mask themselves.

Please check the most up-to-date recommendations from our local public health unit or from the Government of Canada at canada.ca/coronavirus.
